

## XA RED

### VINEYARDS

Both varieties are harvested at optimum point of maturity to ensure that the best grapes are used in the blend. 2017 saw more rainfall than in previous years allowing the vineyard to produce both good quality and quantity. The grapes sourced from both valleys; Valle de Guadalupe and Nuevo San Vicente, showed good health conditions due to overall climatic stability.

### WINEMAKING

Special care is taken with the must in the production of this wine to ensure that the fruit is preserved. Fermentation is carried out separately for each variety under strict temperature control and malolactic fermentation is carried out to give the wine more complexity.

### TASTING NOTE

This wine shows a ruby red color. The nose is dominated with fresh red fruits such as cherry. Strawberry, raspberry and some subtle spicy notes. On the palate it is fresh and vivacious with red fruits.

Ideal with roasted meats, pastas, pizza, tacos and lightly seasoned Mexican cuisine.

**Grape Variety:**

Cabernet Sauvignon and  
Grenache

**Origin;**

Valle de Guadalupe & Nuevo  
San Vicente

**Alcohol:**

13 %
